

Health Equity & Caregiving: Meeting the Needs of African American/Black Caregivers ECHO

Post Session Resources

This document compiles some of the key resources mentioned during **Session 3 of Health Equity & Caregiving: Meeting the Needs of African American/Black Caregivers ECHO**. To review all publications, articles, or commentaries mentioned, we recommend reviewing the presentation recording and PowerPoint presentation. All slides and recordings can be found [here](#).

Session Resources:

- ✓ **Case Study** – Please find the Case Study link on page 11 within the Welcome Guide. The case study form has guided questions to help the ECHO Office accurately capture relevant information for your presentation slide. Questions? Please feel free to email, echo@cancer.org and/or your ACS Representative. Welcome Guide [Link](#)
- ✓ **Post Session Survey**: If you missed the post session survey, please follow the link to complete at your earliest convenience. Your confidential feedback is essential for improvement and expansion of this important ECHO program. [Survey Link](#)
- ✓ **Session 4** – please follow the link to register for session 4, Mental Health & Caregiving. Friday, September 11, 2023, starting at 11:30 AM CST/12:30 AM CST. [Link](#)

Highlights of Presentation Resources:

- ✓ American Cancer Society Caregivers and Family – [Link](#)
- ✓ American Cancer Society Cancer Statistics Center – [Link](#)
- ✓ American Cancer Society Cancer Prevention & Early Detection Facts & Figures – [Link](#)
- ✓ American Cancer Society Cancer Facts & Figures for African American/Black People – [Link](#)

Didactic Bibliography & Resource

Session 3 – Monday, August 14, 2023

Didactic Presenter: [Olufunke Awosogba, PhD](#), Director, Behavioral Health Program in the Hematology and Oncology Outpatient Clinic at Parkland Health and Hospital Systems in Dallas, Texas. Vice Chair of Diversity, Equity, and Inclusion and Assistant Professor in the Department of Psychiatry at UT Southwestern Medical Center.

Didactic Topic: Part II: Medical Mistrust – How to Address it in Your Health System

Resource: Implicit Association Test (IAT) <https://implicit.harvard.edu/implicit/selectatest.html>

Project Implicit was founded in 1998 by three scientists – Dr. Tony Greenwald (University of Washington), Dr. Mahzarin Banaji (Harvard University), and Dr. Brian Nosek (University of Virginia). Project Implicit Health (formerly Project Implicit Mental Health) launched in 2011 and is led by Dr. Bethany Teachman (University of Virginia) and Dr. Matt Nock (Harvard University).
